Profile

Hi, I'm a **Front-End Developer** and **UI/UX Designer** who loves creating clean, user-friendly, and visually engaging digital experiences. I focus on building responsive websites using modern **HTML**, **CSS**, and **JavaScript** while keeping design aesthetics in mind.

SKILLS

Language

C, Java, Python, JavaScript, SQL, OracleDB

Technologies & Tools

AWS, Git, GitHub, Tailwind CSS

EDUCATION

Bachelor of Computer Applications (BCA), IIMT UNIVERSITY, Meerut

CGPA: 7.1/10

Relevant Coursework: C Programming, Computer System Architecture, Data Structures and Algorithms in Java, Database Management Systems (Oracle), Python, Object-Oriented Programming using Java and Python, Software Engineering, Data Mining, Soft Skills, Web Designing.

PROJECTS

My Portfolio, (2025)

05/2025 – 06/2025

Developed a personal portfolio using HTML, CSS, and JavaScript with smooth scroll animations, dark mode, project highlights, resume download, and a responsive design to showcase skills and work effectively.

Avengers Hero Card, (2025)

07/2025 – 08/2025

Developed a responsive web app displaying Marvel heroes with dynamic profile cards, clean UI, and external resource links. Focused on card-based design, accessibility, and smooth deployment via Vercel.

Certificates

Python Certificate (Udemy)

This certification demonstrates my commitment to continuous learning and professional growth, as well as my ability to apply the concepts and techniques covered in the course.

Full Stack Programming Course (Udemy)

This certification demonstrates my commitment to continuous learning in Full-Stack development and my ability to build responsive, interactive, and user-friendly web applications.
